

Sheep Feeder With Roof Assembly Instructions

Tools Required for Assembly:

Import Notes!

Lay out all components prior to start of assembly.

Step 1:

Lay pan & legs on the ground.

Step 2:

The pan fixed to leg by bolts.

Step 3:

**Insert hay saver bar panel,
like photo showing.**

Step 4:

**Insert 3pcs arch bars into top
tube of leg, and insert triange
plate in middle of "V".**

Step 5:

**Fixed flat strip on the roof by
bolts. Now it is finish!**
